

*New York City's premier manual on
government benefit programs for professionals!*

Benefits Plus

**Solving the Public
Benefit Puzzle**

What is Benefits Plus?

Benefits Plus® is a searchable online resource manual on over 60 different city, state and federal public benefits and housing programs for social service professionals serving disenfranchised populations, including the low-income, elderly, and disabled in NYC.

Written by experienced advocates, reviewed by legal experts, updated monthly, this online tool provides the information professionals need to learn how a program works, how to access the benefit, what steps to take when advocacy is needed, as well as providing valuable resources and government contacts.

One Stop Access to Information

Our subscribers report they save hours of time by using Benefits Plus instead of spending their time searching the Internet, government websites and/or trying to find the right person to answer their questions.

Sign Up For A Free Trial Run!
